¿Por qué? *Why:*

It is fun! Play games, hear stories, move, sing, do art, sample food.....and all of this while learning Spanish!

This is an opportunity to enrich our wonderful educational experience at Andersen. The program is designed for elementary school students who are interested in learning conversational Spanish as a foundation for studying foreign language in junior high and high school. This is an engaging, activity-rich program which gives students the opportunity to develop an ear for Spanish, acquire vocabulary, learn about different cultures and expand their horizons.

The classes are taught in two levels, a beginning level and an accelerated, faster-paced group. Classes are taught by Araceli Justiniani and Kimberly Wells, both experienced bilingual educators.

Cost: \$75.00 per semester--\$150.00 for the year. Make check payable to Andersen DEANS.

Join the fun now: Space is limited!

NEW REGISTRATION PROCEDURES: Please go to the Andersen School website mainpage and register online there. We will send out a confirmation email letting you know which class your student is in. Have your student bring a check to the first day of class, Wednesday, Sept 22. For the Morning Academic Spanish for 5th and 6th graders: please follow the same procedures for classes starting Thursday morning, Sept. 30th, 7:05 am. See separate flier.
