History

DEANS is a 501(c)(3) organization, established in 1997 by Joe Colgate to help supplement the already outstanding educational program at Andersen Elementary

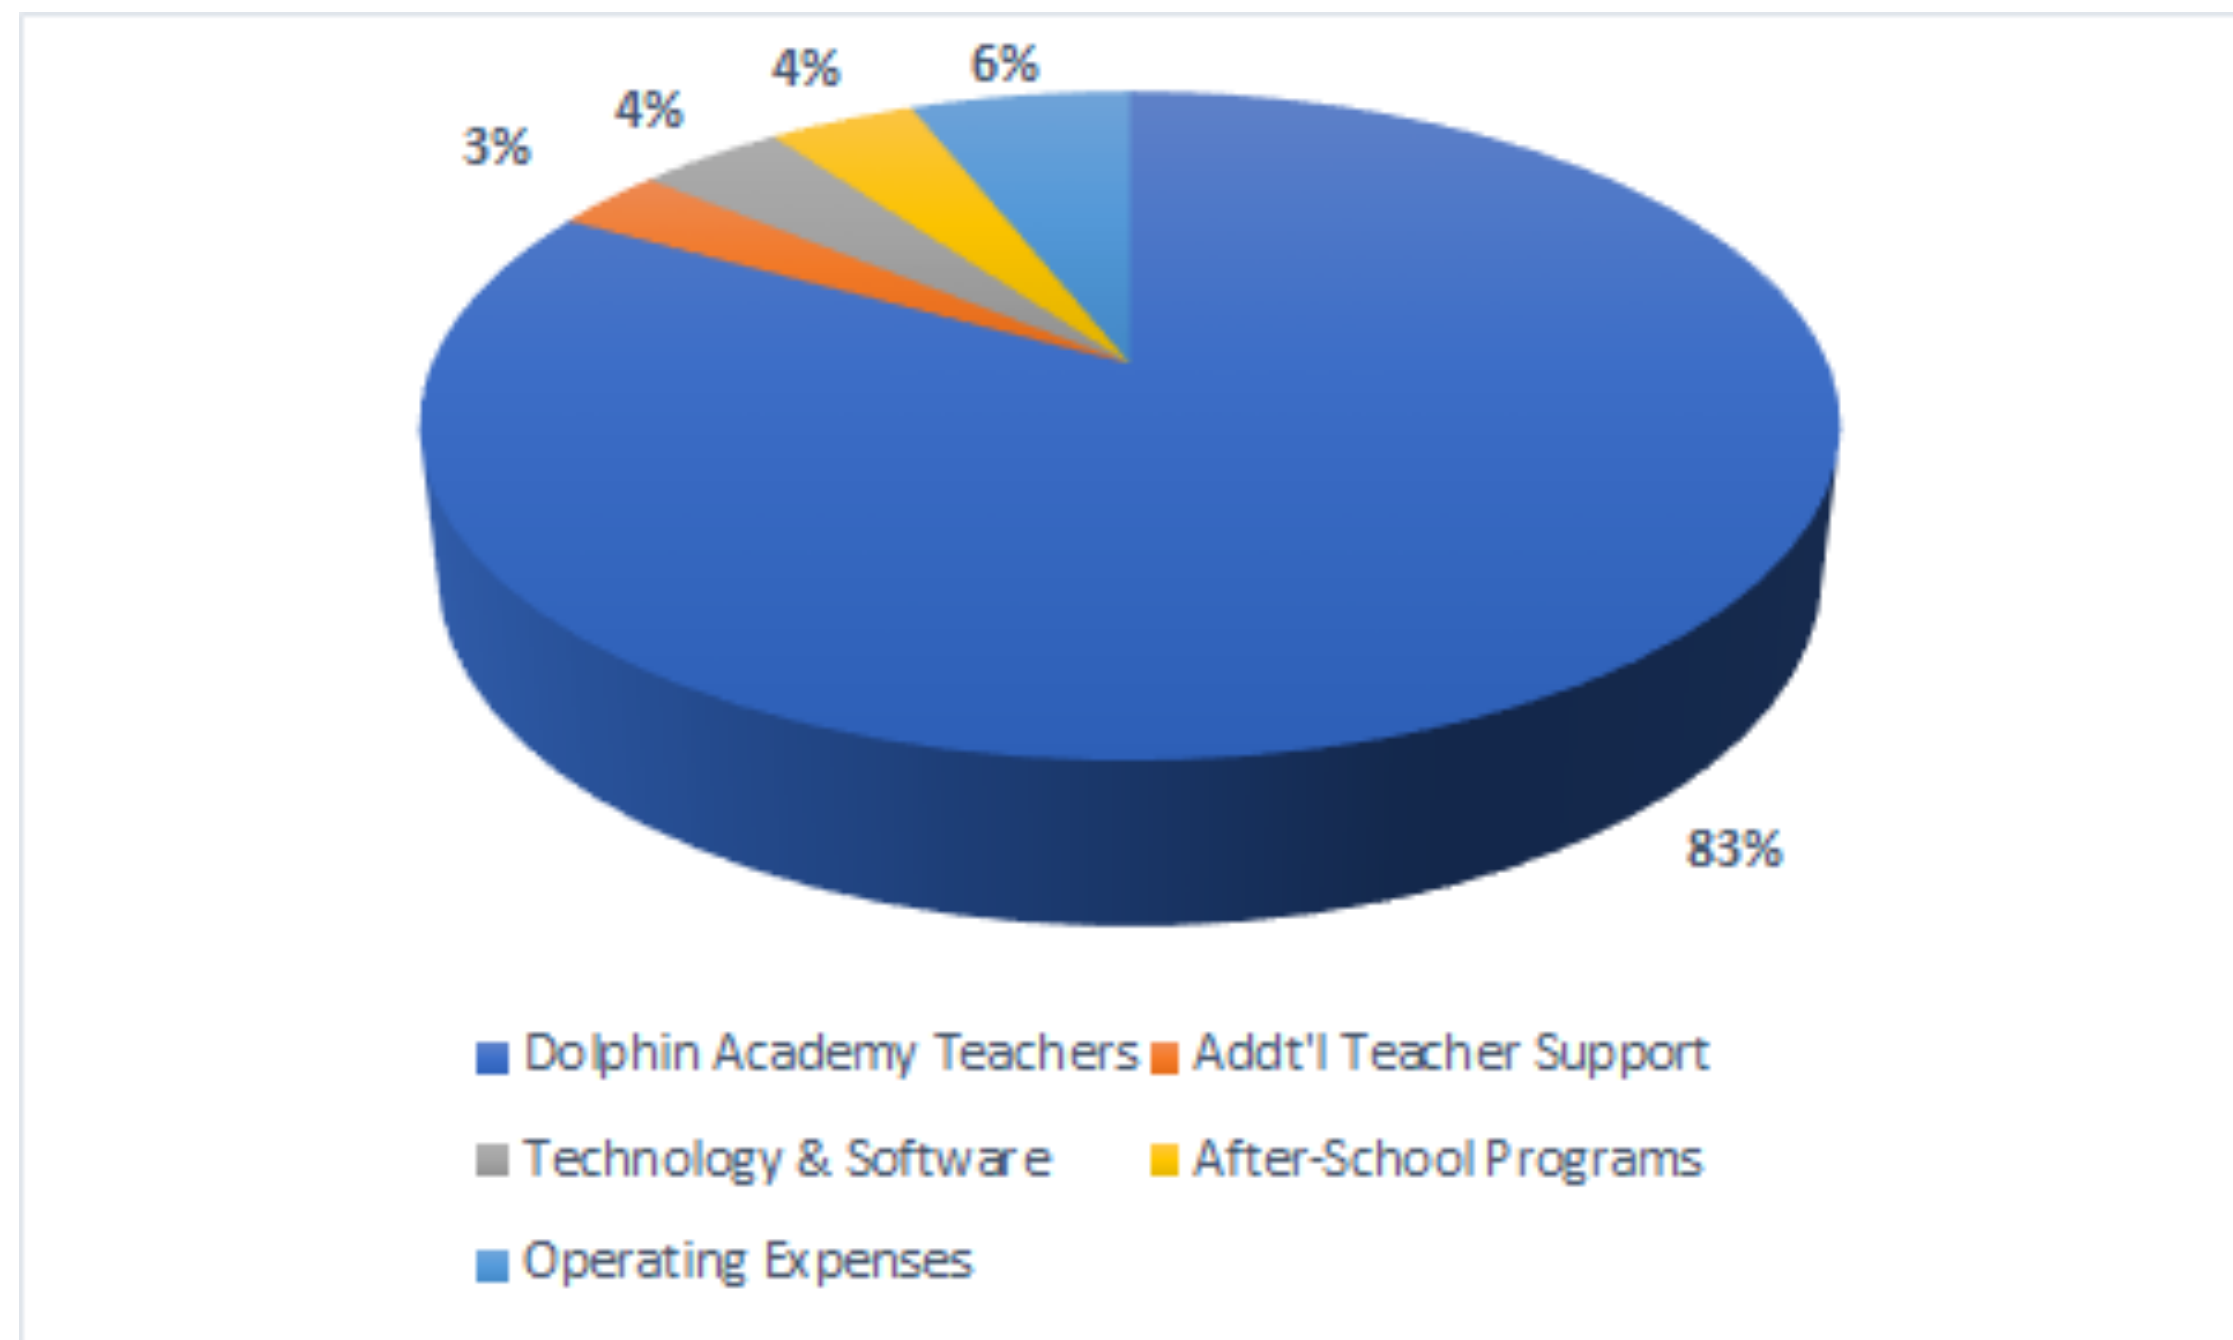

Mission Statement

To provide the best education for our kids by providing resources that otherwise would not be available from the district, such as technology, capital improvements, music and language programs and additional teaching specialists that lower the student to teacher ratios.

Committed Capital

For the 2022/23 School Year, DEANS has already committed \$350,000, or \$1,200 per Andersen Student

How does DEANS spend your money?

How does DEANS spend your money?

- **Dolphin Academy Teachers**: The DEANS pay for 6 additional teachers at Andersen, helping to provide additional support to students that either need more help or are exceling in the classroom
- **Spanish**: Available in every grade due to DEANS support
- **Physical Education**: Access to PE for grades K – 4 directly from DEANS support
- **Maker Space**: Allows students to explore their imagination and creative potential with access to green screen technology, 3D printing, and a broadcasting studio.
- **After-School Activities**: In partnership with the PTA, we support the after-school activities and programs in providing unique opportunities for the Andersen students.
- **Community Events**: DEANS help to support a number of school and community events, which help prop up the Port Streets as the best family destination in Southern California. Among the events we either host or co-host are: Big Friday, Pumpkin Patch, Tour de Port Streets, DEANS Dinner Dance, Port of July, and the End of Year Carnival.
- **Others**: We provide the Book Vending Machine, technology resources for teachers, training programs, and host guest speakers. We've also provided additional capital to the school for items like the Flag Deck mats, playground upgrades, Dude the Dolphin, and more.
